

Requirements Document

Document Version: 1.1

1. Detailed Functional Requirements

2.1 User Authentication, Login & Checkout Flow

Authentication Options

- **Egyptian Mobile OTP (Primary):** Sign-up/Login via Egyptian mobile number (+20) with 4/6-digit SMS OTP.
- **Email & Social Auth:** Google OAuth, Apple ID, and standard Email/Password authentication.
- **Guest Checkout:** Guests can place orders; an account is automatically provisioned using their phone number, with an option to set a password on the order confirmation screen.

Checkout Flow Architecture

1. **Cart & Prescription/Supplement Check:** Review selected products, flavors, and serving sizes.
2. **Address & Delivery (Bosta Integration):**
 - Governorate/City selection with district auto-complete (e.g., New Cairo, Maadi, Sheikh Zayed).
 - Live shipping fee calculation via Bosta API based on weight and zone.
3. **Payment Selection (Paymob Integration):**
 - Choice of Credit/Debit Card, Mobile Wallet (Vodafone Cash, Orange Cash, Etisalat Cash), ValU (BNPL), Souhoola, Sympl, or Cash on Delivery (COD).
4. **Order Confirmation & Odoo Handoff:**
 - Order submitted to backend \ Syncs instantly to Odoo CRM/Sales module.

2.2 User Permissions & Product Upload Matrix

To maintain catalog integrity and prevent unauthorized pricing changes, access is controlled via Role-Based Access Control

Role-Based Access Matrix

Feature / Action	Admin / Commercial Lead	Catalog Manager	Inventory Manager	Content Editor
Create Draft Product	✓	✓	✗	✓
Edit Pricing & Discounts	✓	✗	✗	✗
Edit Images &	✓	✓	✗	✓

Feature / Action	Admin / Commercial Lead	Catalog Manager	Inventory Manager	Content Editor
Content				
Update Stock & Warehouses	✓	✗	✓	✗
Publish / Unpublish Live	✓	✗	✗	✗

Supplement Product Attributes Required

- **FDA / EDA Approval Status:** Field for Egyptian Drug Authority registration or batch number.
- **Nutritional Information:** Structured fields for Serving Size, Servings per Container, Protein/Carb/Fat content per serving, Flavors, and Expiry Date.
- **Odoo Product Mapping:** Syncs directly with Odoo product.template using SKU and Barcode.

2.3 Product Details Page Layout & UX

- **Visual Gallery:** High-resolution product images, supplement facts label zoom, and video previews.
- **Variant Selectors:** Flavor pickers (e.g., Chocolate, Vanilla, Unflavored) and Container Size buttons (e.g., 1kg, 2.27kg, 5lbs).
- **Key Metrics Bar:** Quick highlight tags (e.g., "24g Protein", "5.5g BCAAs", "0 Added Sugar").
- **Odoo Live Stock Badge:** Real-time stock status ("In Stock", "Only 3 left in Cairo Warehouse", "Out of Stock").
- **Cross-Sell Block:** Frequently bought together (e.g., Whey Protein + Shaker + Creatine).

2.4 Integration Specifications

A. Paymob Payment Gateway

- **Supported Payment Channels:** Visa / Mastercard, Vodafone Cash & Mobile Wallets, ValU (BNPL), Cash on Delivery (COD).
- **Payment Failure Messaging & Recovery Matrix:**
